**NOTICE TO THE FRIENDS OF THE URANTIA REVELATION**

In upholding the sacred legal and moral obligations imposed upon the Trustees by the Declaration of Trust Creating URANTIA Foundation, the Trustees have filed a Complaint against William Burton King, Barbara A. King, Doris George, and the California corporation known variously as Urantian School of Research and Urantian Research, for numerous and repeated violations of the Copyright in and to The URANTIA Book--with consequent fragmentation and distortion of the URANTIA Teachings--and for numerous and repeated infringements of Registered Marks of URANTIA Foundation.

The Complaint seeks to enjoin any and all of the defendants' infringing activities. In addition, damages have been requested in excess of one million dollars.

The interest and support in this matter of so many concerned friends is and has been most heartening and encouraging. We appreciate your continued moral and financial support as the Trustees now defend The URANTIA Book as it was given to us, as it now is, and as it ever must be. The URANTIA Revelation must not fail.
