Dear Clyde:

Your latest letter gives us all considerable concern.

It appears from your letter of June 5, 1978 that you plan to proceed either with a reprinting of the second edition of The Concordex, or a printing of a third edition of The Concordex-- either of these alternatives without the authorization of URANTIA Foundation.

We can hardly believe that this is really your intent for it would place you squarely athwart the Foundation's copyrights in and to The URANTIA Book.

Some of us would like to discuss this with you personally to see if there is any way we can avoid any impasse.

We would be glad to meet with you at your home during the week-end of either July 15 & 16, or July 22 & 23.

Very truly yours,

Thomas A. Kendall  
President
