Sir Hubert Wilkins
37 West 53rd Street
New York 19, N.Y.

Dear Sir Hubert:

First, let me apologize for the delay in answering your letter of June 30. David Adler was out of town for some time, then it was turned over to Russell Bucklin because of the checks, and finally it comes to me for answering and filing. We are most grateful for the \$60 and \$100 checks for our two funds.

As for the books you want to buy, I would suggest that you wait for another letter which we are planning to send out, probably next week, with a couple of questionnaires asking how many books you want, where they're going, etc. As things stand now, we are quite sure the book will be out by October 1, possibly a little before. I believe each book will be delivered in a mailing carton, with ten books in a big carton. We will be glad to send as many as you want to any address you specify. But the letter with the details should be ready next week.

By this time you should have received our first two quarterly news letters and so be a little up-to-date as to what's going on. We'll get out another one early in October. In the meantime, if there's anything special you would like to know, please write me and I'll promise to answer much more promptly.

Sincerely yours,

Secretary-General

Marian Rowley

P.S. I just noticed that I didn't give you the price. The pre-publication wholesale price has been set at \$7.50.
